## TAYLOR: Bed bugs found for the second time at school

Friday, March 15, 2013

By David Komer

TAYLOR — More bed bugs were found at McDowell Elementary on Wednesday.

Two were spotted by pupils in a classroom at the school, 22929 Brest Road, almost two weeks after the first incident, when two were found March 1.

## Train-the-Trainer Session

The current plan is to hold a half-day “Train-the-Trainer” session in mid to late April, location TBD. This session will equip participants to give bed bug trainings to other groups.

Topics to be covered:

- Bed bug biology, prevention, treatment methods
- Our Powerpoint presentation
- How to give an effective presentation (this portion will be given by Gary Offenbacher)
