

Healthy Homes + Asthma Project

CLEARCorps Detroit in collaboration with
Wayne Children's Healthcare Access Program

HH+A Program Overview

- City-wide program for families with children between the ages of 0 – 5yrs
- Enroll 40 Families over two years
- Provides products, intensive education on healthy homes maintenance and intervention, and referrals to partner programs
- Referrals are from CCD and/or WCHAP
- Wayne CHAP accompanies the family to child's school, doctor's visits, and frequently visits the home for educational purposes

Through this partnership our goal is to show that a combination of in-home education over multiple visits along with home based interventions/products can reduce asthma symptoms.

- Desired Outcomes

- ✓ Reduction in safety and health hazards
- ✓ Reduction in ACT scores
- ✓ Reduction in missed school days
- ✓ Reduction in doctor visits due to asthma
 - ✓ Emergency, Non-emergency
- ✓ Demonstrate that interventions reduces healthcare costs

MATCH MODEL

CCD and Wayne CHAP will work to develop partnerships with HMOs and to demonstrate how these interventions can reduce health care costs, laying the groundwork for sustainable funding for a MATCH model with interventions.

Wayne CHAP

Conducting six home visits with a certified asthma educator (in-home, school, medical) Wayne CAP will Assess psychosocial needs, reinforce education, and connect resources to clients. They use the Wee Breathers in the Home Setting (Asthma Education Curriculum Developed by AAFA). This curriculum covers: Asthma Basics, Triggers, Controlling Triggers, Asthma Meds, Asthma Action Plan, Communicating with the Asthma Team, and Asthma Management Goals

CLEARCorps

Through three levels of intervention for families, CCD will conduct an initial site visit with a family questionnaire and a comprehensive visual assessment of the house identifying lead and safety hazards, asthma and allergy triggers; provide products to reduce hazards and asthma triggers; provide educational material; and refer families to partnering programs.

THANK YOU!
