Making Stairs Safe!

Thanks DTE!

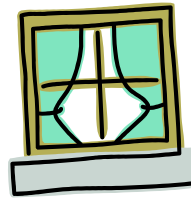

New Roof & Windows!

Change in client behaviors!

- Stopped smoking in house
- Wet-cleaning weekly
- HEPA Vacuuming weekly
- Started opening windows for ventilation
- Stopped using bleach

The Bottom Line

- No kids will be lead poisoned
- Allergies should improve
- No one exposed to second hand smoke
- Moisture should be reduced
- House should be warmer
- No falls on exterior stairs
- Catching up on back taxes
