WORKS!

A Michigan Works! Agency

An equal opportunity employer/program funded through the Workforce Development Agency, State of Michigan. Auxiliary aids and services available upon request to individuals with disabilities.

TAKE THE FIRST STEP TO YOUR CAREER IN ENVIRONMENTAL SERVICES

WHAT IS DEEP?

The City of Detroit of Buildings, Safety Engineering and Environmental Department (BSEED) has received an Environmental Workforce and Job Training Grant through the United States Environmental Protection Agency. Through this grant, BSEED is working collaboratively with Detroit Employment Solutions Corporation to bring the Detroit Environmental Employment Program (DEEP) to Detroiters. DEEP will train Detroit residents for environmental construction jobs. Program participants will gain the skills and certifications necessary to work in the environmental field. At the end of training, participants that successfully complete the training may be matched with employers for an interview.

QUALIFICATIONS

- Must be over 18 years old
- Must be a city of Detroit resident
- Must be able to lift 25 lbs.
- Must be able to work outside
- Pass a basic skills assessment
- Unemployed/Underemployed
- Pass a drug test

COURSES

Interested DEEP participants will be trained to work in the environmental field. Participants can expect to be trained in:

- Work Readiness
- Hazardous Waste Operations and Emergency Response Standard (HAZWOPER)
- Asbestos Abatement Supervisor
- National Incident Management System (NIMS)
- CPR

COST

DEEP is free to any participant that qualifies. Seating is limited, so inquire today.
